

Run, Mary, Run

Fire in the east and fire in the west
I know the other world is not like this
Bound to burn the wilderness
I know the other world is not like this
Run, Mary, run
Run, Mary, run
Oh, run, Mary, run
I know the other world is not like this
Jordan's river is a river to cross
I know the other world is not like this
Stretch your rod and come across
I know the other world is not like this
